

## English

We will be exploring the whole world through a series of adventures in Key countries on each of the 7 continents.

We will be recording our discoveries in journals and diary entries along the way.

## School Value

### Excellence

This will be taught through PSHE lessons and by striving to be the best we can be in everything we do.

## Maths

We will begin to explore multiplication and division, fractions of a whole, position and directions including the points on a compass.

We will be exploring this practically in a range of ways, as well as answering word problems that cause us to use reasoning to explain our answers.

## Topic

Our topic this term is World Explorers.

We will be looking at famous explorers, their discoveries and the impact that they have made on our modern world.

To assist in this we will use maps and atlases to track the journeys of these explorers across the continents and oceans.

Year 1  Term 5

## Science

This term's science will continue involve investigating materials; testing them for their physical properties and evaluating which would be best for constructing a water borne vessel.

## P.E.

This term's PE lessons will focus on the introduction of gymnastics, balances, pathways and travelling effectively across equipment.

## Art/DT

Our creative projects this term will involve using printing and weaving techniques to create pictures.

We will also be designing and constructing a boat to take our explorers across a body of water.

## R.E./ P.H.S. E

This term our P.H.S.E lessons will focus on world citizenship and how we can work together to look after our environment.

Where children come first!
