

# Term 6 Learning Overview Year 3

## PLANTS UK SETTLEMENTS

Enjoy researching your new topics at home and explore the key listed questions below:

**Science**  
**“Plants”**

- What do plants need to survive?
- How are seeds dispersed?
- How does water travel around plants?

**Topic**  
**“UK Settlements”**

- What kinds of settlements are there in the UK?
- What sort of settlement is Staplehurst?
- How does Staplehurst differ from London and Maidstone?

**RE**  
**“Christianity – The Bible”**

- What objects are important to you?
- Why is the bible important to Christians?
- What stories (or books) are there in the bible?

**Art and Design**  
**“Textiles”**

- What can we use textiles for?
- How can we change a material?
- How can we use materials to create art?

**Challenge:**

You may want to try:

- Making a 3D model using what you can in your home to show you have thought about one of these points.
- Creating a presentation on paper or using Power point on one of the questions.
- Creating an information poster or fact file on Purple Mash; you can use your computer or draw it by hand.
