What were your favourite subjects when you were at school?

My favourite subject was art. I particularly enjoyed getting creative and learning about different varieties of art. I enjoyed learning about different textures, and how to create them using pencils.

What is your favourite subject to teach?

My favourite subjects to teach are science, art and maths. I am particularly excited to teach this year's science, and carrying out different experiments, and encourage thinking scientifically.

What do you like best about teaching at Staplehurst?

I love that the staff are always happy to help each other. The support is amazing at Staplehurst, and the children are polite and always showing respect to others, by holding doors open for others in the corridors.

What did you want to be when you were younger?

When I was younger, I wanted to own a horse yard. I used to love going riding and being in the outdoors.

What hobbies do you enjoy?

My favourite hobby is going to the gym. I also enjoy baking and cooking.

What three words would describe you?

Honest, considerate, understanding.

If you were on a desert island what two things would you take with you?

Board games and sweets!
