Year 3 Term 2

English

The Boy Who Grew Dragons by Andy Shepherd

We will write a non-chronological report about dragons using this exciting book as inspiration.

Our grammar focus will be-

- -Use of comparative and superlative adjectives
- Compound sentences to explain and extend sentences.

Our PRIDE values

A PRIDE value is a principle that guides our thinking and behaviour. We celebrate when children demonstrate these values and promote them through all that we do.

Our PRIDE value this term is: **Respect**

Our definition of respect: Respect means caring for other people, places and property

Maths

Addition and subtraction

- Revisiting and consolidating the use of the column method when solving addition and subtraction problems.

Multiplication and division

- Revisiting key areas, including 2, 5 and 10 times table.
- Developing and deepening understanding of multiplication and division with particular focus on 3, 4 and 8 times table.
- Revisiting methods to solve multiplication and division problems.

History

This term the children will learning all about local history, specifically 'How has industry in Kent changed over time?' To do this we will be answering these questions:

- · How has Kent changed over time?
- · Which industry was a big part of Kent's history?
- · How can we find out about the past using sources?
- · How has the brewing industry changed over time?

Where Children Come First

Computing

Email

- Communicate by responding to an email
- Communicate by composing an email
- Send attachments
- Send emails safely

P.E

This term the children will build their knowledge of coordination and footwork.

They will-

- Explicitly develop footwork
- Continue to work on more complex one leg balances
- Work cooperatively to develop balance and footwork.

PSHE

Health and well-being: We will learn how to use our strengths to help others, what makes us unique and how we belong to a community. We will also explore healthy eating and the importance of good oral hygiene.

Religious Education

Judaism

· We will learn about the Torah, mitzvot, Shabbat and the importance of the synagogue. We will also explore Jewish celebrations and how they are celebrated.

D.T

Our focus is mechanical systems, specifically levers and linkages, and creating a Christmas card. The children will need to:

- Follow a design brief to create a detailed design.
- Experiment using a range of levers and linkages.
- Make their Christmas card.
- Evaluate their project.

French

This term the children will be learning the names of animals using speaking, writing and listening skills.

Music

This term we will be developing our singing, listening and performing techniques to prepare for our Christmas concert

Science

Plants and Animals

- What makes up a balanced diet?
- What will happen if our body doesn't get the right nutrients?
- What are the different types of skeleton?
- How does our body move and stand up?
- What happens if we don't eat a balanced diet?
