

### English

#### **Kensuke's Kingdom by Michael Morpurgo**

Looking at character and setting the children will learn to expand their writing by:

Identifying and writing metaphors

Expand on direct speech to advance plot

Identify and use ellipses

Identify and use expanded noun phrases with past and present participle openers.

### Geography

By answering the question 'Which medical discovery or innovation was the most important?' the children will develop their:

Knowledge of a variety of different medical discoveries and innovations from prehistoric times to modern day.

Understanding of how these discoveries affected life expectancy.

Knowledge of the history of the NHS.

### P.E.

This term the children will be learning about dynamic balance and improving their skills by:

- Developing dynamic balance
- Practicing balance on a line
- Developing counter balances with a partner.

### DT

This term we will be learning about how to make a type of bread, using the skill of kneading, blending and rubbing ingredients together. Children will also consider and understand the importance of food hygiene.

### Our Pride Values

A pride value is a principle that guides our thinking and behaviour. We celebrate when children demonstrate these values and promote them through all that we do.

Our Pride Value this term is: **Independence**

Our definition of independence: Understanding that learning can be challenging and that failure is a valuable part of the process. Independent learners embrace mistakes as opportunities to grow.

Year 5

Term 3

## **Where Children Come First**

### PSHE

In PSHE, we will be looking at safety and wellbeing. Understanding how to look after our bodies and what influences us to do certain things.

Year 5 will also look at how drugs such as alcohol and smoking affects the body

### French

Je me Présenté (Presenting myself)

The children will learn how to introduce and give key information about themselves.

### Music

This term Year 5 will learn how to play the Ukulele. We will learn the skills to play notes and chords together and name the parts of the instrument

### Maths

Our focus in Maths this term is Multiplication and Division. We will be looking at:

#### **Multiplication and Division methods**

- Short multiplication
- Long multiplication
- Short division.

#### **Fractions**

Multiplying fractions by integers

### Computing

Looking at Privacy and Security will be key to this term's computing learning. Ensuring children understand strong passwords and the reasons for them. App security and how app creators use and store our information.

In quizzing we will look at quizzes including quizzes on spreadsheets and online quizzes. We will find out how to make them enjoyable and engaging and explore how to create simple quizzes.

### Religious Education

This term we are answering the question 'How do people make ethical decisions?'.

We will look at and discuss how we know if decisions are the right or wrong and how we know.

### Science

This term we are learning about properties of materials, focusing on:

How are different properties useful?

Which materials are good thermal conductors?

Can materials have more than one property?
